Rahul Gupta

3rd Year B.Sc. Computer Science Student | Generative AI
& Software Development | Python, C++ & AI | Freelance @
Gurumantra Knowledgepeeth | Building Practical AI Solutions
Greater Delhi Area

Summary

I'm a 3rd-year B.Sc. Computer Science student at the University of Delhi with a growing focus on Generative AI, cybersecurity, and software development. I enjoy turning ideas into practical digital solutions by combining programming, AI tools, problem-solving, and creativity. Through academic projects, internships, and hands-on learning, I've explored areas including Python, C++, Generative AI, machine learning, data analysis, and cybersecurity. Alongside technology, I have experience in video editing, graphic design, and digital content creation, which gives me a creative perspective when building technology-driven experiences. Currently, I'm focused on strengthening my skills in AI and cybersecurity, building meaningful projects, and exploring opportunities where technology can solve real-world problems.

Experience

Decodelabs
Generative AI Intern
August 2026 - Present (1 month)
Delhi, India

Thiranex EduTech LLP
C++ Programming Intern
August 2026 - Present (1 month)
Delhi, India

AI & Data Science Intern
August 2026 - Present (1 month)
Delhi, India

Yuva Intern by Henry Harvin

Virtual AI Innovation Intern
August 2026 - Present (1 month)
Delhi, India

CodeAlpha
Artificial Intelligence Intern
August 2026 - Present (1 month)
Delhi, India

Gurumantra Knowledgepeeth
Video Editor
March 2025 - Present (1 year 6 months)
Delhi, India

As a Video Editor, Graphic Designer, and Social Media Manager at Gurumantra Knowledgepeeth, I work remotely to create engaging digital content for an educational institute that provides coaching for Classes IX, X, XI, and XII.

My responsibilities include designing creative graphics for social media and marketing campaigns, editing promotional and educational videos, managing the institute's online presence across social platforms, and developing content that increases student engagement and brand visibility. I collaborate with the team to maintain consistent branding, support admission campaigns, and deliver high-quality visual content that effectively communicates educational initiatives while working in a remote (work-from-home) environment.

Youtube Channel
Digital Content Creator
April 2023 - Present (3 years 5 months)
Delhi, India

As a Content Creator at Sanatan Studios (April 2023 – Present), I create engaging YouTube content centred on Sanatan Dharma, spirituality, and Hindu mythology. I contribute across the complete content production lifecycle, including topic research, scriptwriting, video editing, thumbnail design, and YouTube SEO, delivering visually compelling content that educates, inspires, and engages audiences. My work has supported a channel with 13K + subscribers and 1.5M+ total views, helping strengthen its digital presence and audience reach. Through this role, I have earned approximately ₹85,000 while gaining hands-on experience in digital content creation, video production, audience engagement, and content strategy.

Raghav Canteen

Graphic Designer

July 2025 - September 2025 (3 months)

Delhi, India

As a Freelance Video Editor, Graphic Designer, and Social Media Manager at Raghav Canteen, I worked for three months to create engaging digital content that strengthened the brand's online presence and attracted more customers. My responsibilities included designing promotional graphics for social media, editing food reels and promotional videos, managing social media content, and creating visually appealing posts for marketing campaigns. I developed content that showcased the canteen's menu, special offers, and customer experience while maintaining a consistent brand identity. I also collaborated with the team to produce creative visuals that increased audience engagement and supported the canteen's promotional activities throughout my freelance engagement.
